When using a keyboard or remote control device to access a computer, it is not always easy to press all the necessary keys simultaneously. KEYMACRO solves this problem by recording all keystrokes on your computer, and then playing them back later for you to re-record. KEYMACRO is ideal for busy users who need to repeat themselves to know if they accidentally keyed a particular command. KeyMacro saves you the time and hassle of navigating your mouse to the correct button while typing, and also prevents any key from being accidentally pressed twice. KEYMACRO has a recording mode and a playback mode, and also a talk mode for a dual microphone. KeyMacro is also great for fixing those moments when you need to repeat yourself (it's always your own fault!), and simply press the recorded keys and watch them be played back. KeyMacro will work with any Windows application that requires you to press a key to perform a particular function. KeyMacro even records the sound of the keypress, so you will know whether your keyboard is actually being pressed. In a world where superheroes are becoming a common thing, CATCH AS BIG AS A SANDWICH is the story of young girl growing up in an urban environment as she develops a relationship with a colorful cast of superheroes and learns to stand up for herself. In our world, we see the beginnings of our hero and her two best friends, who ultimately discover the similarities between themselves and other Superheroes. It is the beginning of a new beginning for the trio. In CATCH AS BIG AS A SANDWICH, they may have one big problem...they may not be so big after all! We are super excited to bring you a sneak peek of the movie! HAPPY EATING! Reviews "The film exhibits a joyful sense of humor as well as an aptitude for heartwarming storytelling. While it's an undeniably corny comedy, there's an energy to the filmmakers that keeps the entire production grounded and their character development top notch. It's a heartfelt coming-of-age story and a refreshingly honest look at a growing love for superheroes and for one another." — Jeff Jensen, RADiUS-TWC "This project made me want to open up the window and just watch all of the people out there doing their thing. You see a bunch of new faces and there's a lot of great talent. I think it was a good opportunity for people in the film industry to see more variety. We got some really good roles for actors and it was great to have them out there doing what they're doing." — JJ LEE, CATCH AS BIG AS A SANDWICH "I think what made it special was that we all had such a good time while we were making it, and it shows. There's a lot of heart in the whole thing. It's not just a standard superhero movie, it's a family movie." — GREG WEISMAN, CATCH AS BIG AS A SANDWICH "We're
