Q: I've completely lost my headers and footers - how do I get them back? I've used Blender, LibreOffice and Scribus in the past - I have never had to lose my header/footer/margin information. This time I've used Blender, LibreOffice, scribus and Inkscape, and every time I make a new document they are lost. I create new documents each time I write something, and then I save the file and give it a new name, but that's not the end of the story - I end up losing all the information. I'm not using ctrl+S because it has no effect either (it should be saving a temporary file). This is the typical scenario: I start editing in LibreOffice, and I create a new file. I edit it and save it. I decide that it needs some extra text, so I add it. I go to save it, Ctrl+S doesn't work and I don't know how to save a temporary file. I go to search for it (you can't find it in the open files) I go back to my previous document, add my text to it and save it. I
