

Here is some footage from developer EA Sports that captures some of the new animation and physics features of the title. The team shows off the brand new augmented reality camera mode (which used to be exclusive to Xbox One players), and also introduces a new match editor, as well as other visual and gameplay improvements. "30 days of FIFA: LIVE on Twitch" brings gamers six hours of behind-the-scenes streaming of IGN's FIFA Tournament hosted by Mark Casaccio and Steve "Zombo" Ball on June 16 from BGO Headquarters in Toronto, Canada. FIFA 20 was a big success for EA Sports and according to them, FIFA 21 will be too. But what does the developer have to show off in just 30 days? EA Sports doesn't have much to show, but EA announced today that FIFA 21 will make its long-awaited debut during E3. The announcement comes two days after it was announced the FIFA 20 demo would be available for Xbox One and PC users. It's a long overdue release for FIFA gamers, as the latest version of the series launched in 2010. On the Xbox One, the demo will feature the career mode and the Ultimate Team game, but the PC demo will feature both "Solo Play" and "Be a Pro." EA will release "30 days of FIFA: LIVE on Twitch" on June 16, but will stream a "mock up" of the tournament on June 12 from BGO Headquarters in Toronto, Canada. Last year's tournament was hosted at IGN's Toronto office, with IGN sports editor Mark Casaccio and editor-in-chief Steve "Zombo" Ball. This year's tournament will feature on-site commentary by Casaccio and Ball. Since IGN's coverage of the tournament last year, the IGN Canada office has been hit by a fire in one of its rooms. If you want to follow the tournament, you'll be able to tune in via IGN's Twitch channel.Bergen skips trip to Pyongyang Hospitals in Bergen have not been allowed to admit tourists from North Korea and Norwegians will not be allowed to travel there, since officials fear a bad case of influenza could spread. However, Norway has decided to not ban tourists from the country, despite health officials being concerned about the outbreak. “Visitors from the Republic of Korea may enter the Republic of Korea. Visitors may be admitted to the entire territory of the Republic of Korea on a regular basis,

**Features Key:**

- Passion to Perfection: Play the way you want to play! Completely redefine the gameplay experience in a series that has redefined football on game consoles. From a brand new control scheme to a more dynamic player model, and a new, fast-paced presentation, FIFA 22 is the ultimate football experience.
- Won on the Wires: Finally, create a house league and invite your club mates in your own FIFA ULTIMATE TEAM.
- Full-Fledged Player Career: Even after the buyout, club managers can now win trophies and move up the Managerial ladder on the career path as experienced field players using a new Showcase Player option. Alternatively, pick the stars of today and secure your place in the future by picking the International Football Club from the ledgers of the world's top national leagues and players or enter the European net even if you never lifted a ball before.
- FAS Sport Or Not: With all the possession the ball isn't there to play the game of football the way you want. Adapt into your environment to dictate the pace of the game. Adapt to your opponent to take control of the match. Adapt to your team mates or your tactics depending on whether you want to dominate or counter-attack.
- Enhanced Player Modeling, Physics and Animation: Eyes on the ball! Closer to the action! And arms waving! The new player modeling and animations are second to none. And don't just take our word for it, have a look at FIFA Moments, FIFA Master Challenge and FIFA Street 4 for a near perfect recreation of how it feels to play the game.
- Real-Life Player Ratings: Evaluate the relative capabilities of the cast of thousands that it's more challenging than ever to pick the best XI.
- All the Facilities: FIFA Ultimate Team is no longer confined to the pre-match arena. Moving away from kit and club colour-coding, the all-new online Stadium Builder lets you add the fashions and embellishments you imagine any club – any country – could possess.

**Additional features:**

- Dynamic Weather: Smarter dry and wet climate effects. Get it where you want it, when you want it.
- Improved team uniforms: Take control of the way your team looks on the pitch

For more information on FIFA 22, please visit: FIFA.com/fifa22 and our YouTube channel at: FIFA.com/YouTube. FIFA 21 – GOEPS (Graphical Object Effortless Physics Simulation) – Fans of FIFA may notice that the ball behaves differently in FIFA 21. By altering the way the ball handles and the animation of player movement, FIFA 21 allows for a more realistic ball control, allowing for the players to adapt more naturally to the ball. We were able to test these graphical changes by placing the ball on the ground, flicking it, kicking it and heading it. The same behavior can be seen in all game modes, including both Career and Exhibition. No changes have been made to the physics model of how the ball moves through the

FIFA is the world’s leading sports video game franchise. The series is enjoyed by people around the globe and has sold more than 250 million copies globally. Players use their foot to kick, dribble, pass and shoot real-world footballs in FIFA titles, leaving a virtual footprint that continues to grow. FIFA 16 will release on September 22nd, 2015 for PC, PlayStation®4 computer entertainment system and Xbox One. The game is released on PlayStation®3 computer entertainment system, PlayStation®Vita handheld entertainment system and Xbox 360® videogame and entertainment system. What does this mean for you? This is a different game, that represents a new era of FIFA and a new era in gaming. We wanted to take everything that we’ve learned from delivering the best football experience on console, and integrate it directly into FIFA. It means we’ve had to move away from the old development methodology and to design something fresh. The result is an all-encompassing FIFA that brings the game closer to the real thing. What’s new? The pace of play and variety of gameplay is dynamic, as game mechanics are totally integrated into the game engine and player personalities are expressed through the artificial intelligence. We’ve used a six-step framework to guide our development of the game. The six steps include areas like damage, animation, physics, environment, feel and design. We start by looking at the fundamental controls. This approach allows the player’s position and style to evolve through the career, as you build from beginner, to mid-career, and ultimately to a star. New gameplay All game modes have been restructured and rebuilt, bringing new features like the Dynamic Player Path, including your own unique goalscoring chance. Plus, with the new Animation Engine, you’ll see more of the action through more realistic animations. New offline Challenges Offline challenges are like the games’ own secret challenge features. Each time you complete the campaign, you’ll unlock an offline challenge. Offline challenges are like the games’ own secret challenge features. They can be played after the offline tournament mode or minigame for additional challenge. New careers Powered by Football FIFA now includes fundamental gameplay advancements, that even bring the game closer to the real thing. FIFA Ultimate Team is also in the
