app | revsci -www.revsci.com Remote Monitoring. A billion homes rely on Sohni to keep their lights on. Our mission is to connect the utilities that keep our homes running, so that you can live without worry. Sohni monitors electricity, gas, water, and phone usage in real-time for as many homes as you own. We help you see what's going on around your home, so you can get a good night's sleep. We monitor energy usage in your home and provide you with a detailed report at the end of each month. You can then view and analyze your report for the past 30 days to see where you may be using too much energy. Sohni keeps your family safe too. We monitor your monthly gas and electric usage, and notify you if we notice anything unusual. We also alert you in the event of a gas leak. If you'd rather not get a notification in the event of a leak, you can opt out of email notifications, text messages, and voice calls. Opting out of notifications has never been easier. You can manage your alerts in your Sohni account. We can view the live feed of your meter, the last 5 reports, your usage history, and even see your smart meter in action. You can also view information on the state, weather, and forecast, for up to the last 3 months. We also leverage the resources of our industry-leading partners, to proactively monitor your usage and keep you safe. Why do our partners help us? For power monitoring, we work with electricity providers like MidAmerican Energy Company, APX Energy, and Exelon. We work with natural gas companies like Gas Natural and United Natural Gas. For utility service, we work with major utilities like PG&E, Ameren, and DTE Energy. Try our FREE app that listens to see how Sohni keeps you safe from utility line problems. Get a 30-day free trial of Sohni. The word Cinema comes from the Latin 'cinema' which means'moving pictures'. Cinema grew out of magic lantern' which was invented in China around 1800 and consisted of two pronged glass tubes which is used to project images. Chinese filmmakers later used the magic

## lantern to play many interactive stories in their theatres. The first public use of cinema was a magic lantern and lecture at the Parisian Salle c6a93da74d
