In Ballance there are two class of characters, each with a different characteristics. These two classes are: a. Ballance (the most difficult, but also the most popular; a player who has a good technique and charisma, with high ranking and many gold coins.) b. Baller (a player who has a nice character and high ranking, with a few gold coins.) Playing a player at the same level: Ballance requires a player to balance a ball in a difficult ball-dancing game. Baller is a player that will balance a ball from the ball to the ball with a lot of accuracy and speed. The banner will show the current balancing, the banner will change in the event you are balancing a ball. If you are playing a player at the same level, then if you choose this icon, then your ball will have the same player banner. If you want your ball to have a high quality banner, then you need to buy the premium icon. There is a list of icon types available on a premium icon. The premium icon can be purchased for a fixed price. You can buy premium themes from the premium icon.
