and catia? she, too, looked older than the young, trim woman of two years before; at any rate, all those years had made their effect upon her. but for all that, the smooth, soft flesh of her face still looked warm and smooth as ever, the eyes still bright with a look of infantile delight and trust, the hair still hanging in two smooth, creamy, brown ripples from beneath the slender oval of her brow. she had a little, quaint manner of walking. it was her head erect, with a slight twist to her shoulders. her hands were always busied with something, a bit of embroidery or a book or a blouse, a bonnet, a purse, or a handkerchief. she was a woman of thoughts, and his thoughts were hers. it was a black-haired fellow who had come to the place. his name was stremlau, and he was a low-paid man, and he was only one of a number of men employed in a firm of secretarial and clerical assistance. he was not the first visitor, and he was by no means the last; for, among a people as busy and as busy-minded as the dutch, the sight of a foreigner is always a curiosity, and it is a curiosity which, curiously, has never yet died. the visitor who comes to a country, and to a people who have no tradition of friendly visits, is likely to be regarded by them as an interloper, a stranger, and a curiosity; and it is not until he moves elsewhere that he will be treated as a friend. now, this was the first time that scott brenton had ever met a dutchman. he had been abroad, and he had seen a number of foreigners, and he had even made friends with a few; but, somehow, he had never been able to find the balance, or come into the harmony, which he felt was necessary to make a real friend of a foreigner. to be able to approach any foreigner, and not be regarded as an interloper, but simply as a neighbor, was a problem which had always baffled him, and it was not until, he met catia brenton that it seemed as if this problem might be solved.
