tibetan is a main language of the himalayan region that is sandwiched between the indian and chinese languages. during the late medieval period, the kingdom of tibet underwent a dramatic revival, and by the beginning of the 14th century, kham was the country's largest political entity, although it was never greater than as a regional power..the historical period covered is medieval. in addition, various universities, were established in various places, such as wuchang, chengdu, beijing, shanghai, hong kong, and perugia. after the decline of the song dynasty, the pinyin system continued to be used in academia, and in mainland china, many university students use pinyin in their writing. in addition, as the influence of western institutions waned in china, many institutions of higher learning adopted their own pinyin-derived forms. the precolonial period is taken to be the period before the attainment of national independence (or independence from a colonial power) and the start of european rule in the early 19th century. the colonial period refers to the period of times when the european powers had colonial rule and/or control over the entire territory of the present-day state of india. britain ruled from 1858 to 1947, french and dutch colonial possessions in india were french india and dutch india, respectively, while portuguese india was the colonial possession of portugal between 1580 and 1770. the post-independence period is the period after india achieved independence in 1947. mental health initiatives in the form of support groups and drug rehabilitation programs and mental health institutions can help reduce drug use and improve mental health. "a particularly important aspect of our work is to generate evidence on the effectiveness of such programs, and this we are trying to do through two important avenues:.. 5ec8ef588b
