More important than the actual projects is the advancement of the plan to be completed the first week of May 2022. We met with our construction group earlier this month to go over our plan. A few project ideas have been selected for discussion. On March 26, 2022, the Board will hold a work session, and on April 3, 2022, will hold a public hearing on the completion of the plan. The Board will have the opportunity to add, change or remove an action or goal in the plan. This will be a critical time to speak to the Board and provide any additional thoughts that were not in the plan. The Board will also have an opportunity to vote on one of the projects selected and approve it at the public hearing. In the fall of 2020, our CW subcommittee - consisting of Denise (Chair), Christine, Marcia, Betty, Anna, and myself - met with Superintendent Richard Boone and the CW/PC subcommittee and presented our recommendations for CW implementation in the DPS, which included the establishment of the CW-Focus Academy. Superintendent Boone indicated that he wanted us to continue to work closely with his CW/PC subcommittee as part of the oversight, so he wanted the CW subcommittee to maintain a strong connection with the implementation committee. To meet this goal, we decided to use the April 2021 in-person session as an opportunity to build relationships among our group and with the CW/PC subcommittee, since the current faces of the subcommittee are not likely to be in place in late April. Our goal is to begin preparing for the 2022 sessions. In the very near future, we will send a survey to you regarding some preliminary ideas on the content/themes you would like to see us cover. As we begin to add/prepare content, we will keep you informed as to any changes to this schedule. 5ec8ef588b
